Final Score Criteria (Suggested Actions to be Taken)

The overall score is achieved through a weighted average, the highest score for these measurements combined is **4.00**. If one (1) measurement is "**N/A**" (Not Applicable), means that metric data is not available in Site database, in this case the weight of the metric is divided proportionally to the active metrics

0-.99 Poor	1.00- 1.99 Needs Improvements	2.0 – 2.99 Acceptable	3.0- 4.0 World Class
Supplier Must Provide Improvement Plan within 2 weeks if receipt this score in one of the sites or metric	Supplier Must Provide Improvement Plan within 2 weeks if receipt this score in one of the sites or metric	Supplier is Performing on an average level with room from improvement	Supplier has potential to become a Preferred Supplier and to receive additional quote and/or opportunities and/or business
